|----------|--|
| , | repeat previous f, t, F or T movement, backwards |
|----------|--|

| | |
|-----------|---|
| tx | jump to before next occurrence of character x |
|-----------|---|

| | |
|-----------|--|
| Tx | jump to after previous occurrence of character x |
|-----------|--|

Play in parenthesis

| | |
|----|-------------------------------|
| di | delete in-between parenthesis |
|----|-------------------------------|

| | |
|---|---------------------------|
| i | cursor in left of the box |
|---|---------------------------|

Cursor box

| | |
|---|---------------------------------|
| a | cursor in right side of the box |
|---|---------------------------------|

Commenting

| | |
|-----|-----------------------|
| gcc | Comment (normal mode) |
|-----|-----------------------|

| | |
|----|-----------------------|
| gc | Comment (visual mode) |
|----|-----------------------|

Buffer play

| | |
|------------|------------------------------------|
| <leader>bd | delete current buffer(normal mode) |
|------------|------------------------------------|

| | |
|------------|--|
| <leader>bD | delete current buffer(normal mode) force |
|------------|--|

Window navigation

| | |
|----|-------|
| ss | split |
|----|-------|

| | |
|----|----------------|
| sv | vertical split |
|----|----------------|

Local Search navigation

| | |
|----|-------|
| ss | split |
|----|-------|

| | |
|----|----------------|
| sv | vertical split |
|----|----------------|

Global Search an grep

| | |
|------------|---------------|
| <leader>sG | Global search |
|------------|---------------|

Global Search and replace

| | |
|------------|---------------------------|
| <leader>sr | Global search and replace |
|------------|---------------------------|

| | |
|------------|--------------------------|
| <leader>rc | replace the current item |
|------------|--------------------------|

| | |
|--------|-------------|
| <Ctr>R | replace all |
|--------|-------------|

| | |
|------|--------------------|
| <dd> | delete the replace |
|------|--------------------|

Search

| | |
|---|-------------|
| / | search down |
|---|-------------|

| | |
|---|-----------|
| ? | search up |
|---|-----------|

| | |
|---|------------------------|
| n | toggle the search down |
|---|------------------------|

| | |
|---|----------------------|
| N | toggle the search up |
|---|----------------------|

| | |
|--------|--|
| <Ctr>g | toggle the search down without enter key |
|--------|--|

| | |
|--------|--|
| <Ctr>t | toggle the search up without enter key |
|--------|--|

Marks

| | |
|----------|-----------|
| m+anykey | add marks |
|----------|-----------|

| | |
|----------|------------------|
| +thatkey | go to that marks |
|----------|------------------|

Rename in all references

| | |
|------------|--|
| <leader>cr | rename any variable or function globally |
|------------|--|

Select whole function or class

| | |
|---------|--|
| vaf/daf | select or delete whole function |
| vif/dif | select or delete function inner parathesis |
| vac/dac | select or delete whole class |
| vic/dic | select or delete whole inner paranthesis |

Direct Command

| | |
|----------------------|--|
| :ConformInfo | why format is not happening |
| :delmarks! | Removes marks |
| :g/sum/d | Delete those line which contains sum |
| :g!/sum/d | Delete those line which not contains sum |
| :%s/search/replace/g | search and replace globally |

File changes

Keymap K to M-> share/nvim/lazy/lazyvim/lua/lazyvim/plugin/lsp

AVAILABLE KEYWORD
